AI in Creati-Verse: The Responsible Use and Ethical Dilemma of Integrating AI in Creativity-Needing Fields

INTRODUCTION (Vikasini)

What is AI in creativity?

How AI is transforming creative fields.

RECENT DEVELOPMENTS IN AI WITH RESPECT TO ARTWORKS(Shalini)

AI-generated paintings using tools like DALL·E and DeepDream.

AI in sculpting and 3D art for precision and efficiency.

Restoration and colorization of old paintings using AI.

SEARCH IN PUBLIC CRAZE IN AI-GENERATED ARTWORKS(nitheesha)

Rising popularity of AI art in social media and NFT marketplaces.

Public reception: admiration vs. criticism over traditional art devaluation.

Legal and copyright concerns: Who owns AI-generated artworks?

AI IN WRITING – THE SAGA OF LOW ATTENTION SPAN(Sadhana)

AI-generated content through ChatGPT, Jasper, and Copy.ai.

Impact on literature and journalism: authenticity vs. automation.

Ethical dilemmas: misinformation, plagiarism, and loss of

human touch.

AI IN CURRENT CINE FIELD (LIKE CREATING RETRO THEME AND ARTISTS)(teena)

AI in film restoration: enhancing old movies and colorizing classics.

AI-generated actors using deepfake technology: ethical concerns on consent and authenticity.

Virtual cinematography, AI-driven script analysis, and automated editing.

GHIBLI TREND(Shreya Lakshmi)

AI in animation: preserving and replicating hand-drawn styles.

Studio Ghibli's influence on AI-generated animation.

Cultural and ethical debates over originality vs. replication.

ETHICAL DILEMMA:(Shreya lakshmi)

Enhancing human creativity vs. replacing it.

Ethical AI models: Open-source vs. proprietary AI.

AI as a tool, not a creator – collaboration with artists.

Ownership & Copyright: Who owns AI-generated content?

Bias in AI: Ethical concerns in AI training data.

Impact on Jobs: Will AI replace creative professionals?

Deepfakes & Misinformation: Ethical risks of AI-generated media.

DRAWING THE FINE LINES WITH SOME CONTRASTING POINTS REGARDING FUTURE(SHREYA P)

AI as an assistant vs. AI as a creator.

Ethical AI development: respecting intellectual property and fair artistic use.

Future of AI in creativity: empowerment vs. overshadowing human artists.

CONCLUSION(SHREYA P)

The balance between AI innovation and ethical responsibility.
Future of AI in creativity: Will it empower or hinder human artists?
Open-ended discussion for the audience.
